New venue:

Date: 07 – 08 November 2014
Homepage: www.arthroskopiekurs-hannover.de

Dear colleagues,

Another arthroscopy course? Not at all! We offer you a unique and special experience:

- 14 interesting live surgeries by top experts, broadcasted in HD quality
- Many explanations on the procedure itself as well as tips and tricks of the surgeons in advance and throughout the live surgery
- Possibility to ask questions during surgeries and receive answers directly from the surgeon
- Panel discussions with all surgeons: Ask and you will receive honest replies
- Hands-on workshops and symposia during the lunch break will provide further information on the products. Try out specific techniques and implants.

Following the developments in arthroscopy, the separation of arthroscopy and joint surgery is no longer relevant for our course. Therefore we chose current surgical techniques in shoulder, elbow and knee surgery. The procedures focus on optimizing the function of the joint and reduce invasiveness. This course works without predetermined lectures and “out of touch with reality“-discussions. We rather offer you a focused and genuine experience.

We are looking forward to welcoming you in Hanover!

Prof. P. Lobenhoffer, PD Dr. J.D. Agneskirchner, Prof. H. Lill

They're small.
They're strong.^{1,2}
And they're all suture.

The JuggerKnot Product Family

The JuggerKnot Soft Anchors are small, reduce the consumption of healthy bone and provide additional attachment points.

They consist exclusively of suture material and thus eliminate the risk of free foreign material in the joint.

With far over 375,000 anchors used on patients, the JuggerKnot Soft Anchor is the **most implanted suture anchor of its kind**.

shoulder/elbow

08:00 – 10:00	LIVE SURGERIES AND DISCUSSIONS
Surgery 1:	Total shoulder replacement (stemless system) (Arthrex GmbH) <i>Jörn Steinbeck</i>
Surgery 2:	Arthroscopic Bankart repair (Arthrex GmbH) <i>Helmut Lill</i>
10:00 – 10:30	Coffee break (visit industrial exhibition)
10:30 – 12:30	LIVE SURGERIES AND DISCUSSIONS
Surgery 3:	Latissimus dorsi transfer <i>Christian Gerber</i>
Surgery 4:	Total elbow replacement (Tornier GmbH) <i>Helmut Lill</i>
12:30 – 14:00	Lunch break, industry workshops
14:00 – 15:30	LIVE SURGERIES AND DISCUSSIONS
Surgery 5:	Radial head prosthesis (OrthoAktiv GmbH) <i>Lars-Peter Müller</i>
Surgery 6:	Total shoulder replacement (modular system) (Lima Deutschland GmbH) <i>Jens D. Agneskirchner</i>
15:30 – 15:45	RESULTS of the patients of 2013
15:45 – 16:15	Coffee break (visit industrial exhibition)
16:15 – 18:00	LIVE SURGERIES AND DISCUSSIONS
Surgery 7:	Arthroscopic shoulder stabilisation revision (Latarjet-revision) (DePuy Synthes) <i>Laurent Lafosse</i>
Surgery 8:	Arthroscopic subscapularis repair (Arthrex GmbH) <i>Jens D. Agneskirchner</i>
18:00 – 19:00	PANEL DISCUSSION with surgeons

knee

08:00 – 10:00	LIVE SURGERIES AND DISCUSSIONS
Surgery 9:	Minimal invasive osteotomy (double osteotomy) (DePuy Synthes) <i>Philipp Lobenhoffer / Kristian Kley</i>
Surgery 10:	ACL reconstruction (all inside) (Arthrex GmbH) <i>Markus Tröger</i>
10:00 – 10:30	Coffee break (visit industrial exhibition)
10:30 – 12:30	LIVE SURGERIES AND DISCUSSIONS
Surgery 11:	Total knee replacement (DePuy Synthes) <i>Georg Matziolis</i>
Surgery 12:	Tuberosity transfer (DePuy Synthes) <i>Philipp Lobenhoffer</i>
12:30 – 13:30	Lunch break, industry workshops
13:30 – 15:00	LIVE SURGERIES AND DISCUSSIONS
Surgery 13:	MPFL-reconstruction (Karl Storz GmbH & Co. KG) <i>Christian Fink</i>
Surgery 14:	Arthroscopic cartilage repair (co.don AG) <i>Philipp Niemeyer</i>
15:00 – 16:00	PANEL DISCUSSION with surgeons

Buy a USB-stick with all live surgeries.

Bookable at www.intercongress.de (only in combination with a congress ticket).
